Oleh Mandziak

Full Stack Engineer

+44 748 884 8793   olegmandziak4@gmail.com   Ulvivok, Ukraine

SUMMARY

I am a seasoned Full-Stack Developer with extensive experience in creating high-performance web and mobile applications. My expertise spans across a variety of modern technologies and platforms, allowing me to deliver robust and scalable solutions tailored to meet your specific business needs.

With a strong foundation in both front-end and back-end development, I am proficient in:

Front-End Development: Building intuitive and dynamic user interfaces using **React, Next.js and Vue.js**.
Mobile App Development: Crafting seamless cross-platform mobile applications with **React Native.**
Back-End Development: Developing scalable server-side applications and RESTful APIs with **Node.js** and **Laravel**.
E-Commerce Solutions: Designing and optimizing online stores on **Shopify** and **WordPress** to enhance user experience and boost sales.
Web Design: Creating visually appealing and responsive websites using **Webflow**.

EDUCATION

Bachelor of Computer Science
Lviv Polytechnic National University

Ukraine
2019 - 2023

EXPERIENCE

Full Stack Ecommerce Developer
Lifeonmars

Warsaw, Poland
11/2023 - 03/2024

Led the development of **e-commerce** and **marketplace platforms** from concept to release, prioritizing responsive design principles and ensuring code maintainability for seamless user experiences.

- Built **e-commerce stores** from scratch and integrated them with Recharge subscription APIs to offer flexible and recurring billing options.
- Designed and integrated custom **Klaviyo forms** to enhance email marketing efforts and improve customer engagement.
- Successfully integrated with various **third-party APIs** including **PayPal** and **Stripe**, ensuring smooth and secure payment processing.
- Focused on **optimizing website speed** and **SEO** to ensure fast loading times and high search engine rankings, leading to better user experience and increased traffic.
- Implemented **Agile** practices streamlining development processes, improving team agility and ensuring alignment with client goals.
- **Technologies Used**: React, HTML, CSS3, SASS, Javascript, PHP, Shopify, WordPress, Stripe API, Webflow

Frontend Developer
Avenga

Kyiv, Ukraine
06/2017 - 02/2019
